

Payor's Bill of Rights

Adventist Health Sonora hereby notifies patients, payors, employees and other interested parties that a public copy of our Chargemaster is available for review upon request, effective July 1, 2004, as required by California law.

Known as the Payors' Bill of Rights, AB 1627 aims to provide consumers with more information about the prices charged by hospitals for their services, goods and procedures.

Because we know that patient billing can be confusing, we are committed to complying with this law as service to our community. Sonora Regional Medical Center always has been dedicated to fair billing practices.

We encourage you to schedule an appointment with our Patient Financial Services staff, who will be happy to review our Chargemaster with you and answer your questions. You may do so at the Patient Financial Services located at 14542 Lolly Lane in Sonora. We will make every effort to schedule an appointment within two business days of your request.

For information regarding hospital quality, including hospital outcome studies, please access the Joint Commission for Accreditation of Healthcare Organizations at www.thejointcommission.org or the Office of Statewide Health Planning and Development at www.osphd.ca.gov.
