Corporate Model Policy No. 11844

Department: Organizational Wide

CORPORATE MODEL POLICY: LANGUAGE ASSISTANCE PROGRAM - INTERPRETATION AND HEARING IMPAIRED

Central Valley Network adopts the following systemwide Adventist Health Corporate Model Policy.

POLICY SUMMARY/INTENT:

Adventist Health – (AH) will take reasonable steps to ensure that persons requiring language assistance services (such as oral language assistance or written translation) and who have Limited English Proficiency (LEP) will have meaningful access and an equal opportunity to participate and understand services, activities, programs and other benefits involving medical conditions and treatment.

Assistance will be offered for the communication of information contained in vital documents, including but not limited to, waivers of rights, consent to treatment forms, financial and insurance benefit forms, etc. All interpreters, translators and other aids needed to comply with this policy shall be provided without cost to individuals who are hearing, speech, and visually impaired. Patients/clients and their families will be informed of the availability of such assistance free of charge.

Language assistance will be provided using competent bilingual staff, providers, staff interpreters, contracts or formal arrangements with local organizations providing interpretation or translation services, or technology and telephonic interpretation services. All staff will be provided notice of this policy, and staff that may have direct contact with LEP individuals will be trained in effective communication techniques, including the effective use of an interpreter.

Regular reviews of the language access needs of our patient populations, as well as updates and monitoring of the implementation of this policy, will be completed.

DEFINITIONS:

1. **Interpreter:** An individual who is fluent in English and in the necessary second language, and can accurately speak, read, and readily interpret the necessary second language, or a person who can accurately sign and read sign language. Interpreters need to be able to translate the names of body parts and to competently describe symptoms and injuries in both languages.
2. **Interpretation:** Refers to spoken language
3. **Translation:** Refers to written language
4. **Qualified Interpreter:** Identified as proficient in sign language and in the languages of the population of the geographical area serviced who can translate the names of body parts, injuries, and symptoms.
5. **TTY:** If available, is a text telephone yoke for the deaf – (a TTY is sometimes also called a TDD or telecommunication device for the deaf). The TTY has a typewriter keyboard with a text screen which allows persons with hearing and/or speech loss to make or receive telephone calls by typing their conversations via two-way text. The conversation is read on a lighted display screen and/or a paper printout in the TTY.
6. **Language Line Services:** Contracted telephone interpreter service.

7. **Limited English Proficiency (LEP) / Limited English Speaker (LES):** Individuals whose primary language for communication is not English and who have a limited ability to read, write, speak or understand English.

AFFECTED DEPARTMENTS/SERVICES:

All departments/services.

POLICY: COMPLIANCE – KEY ELEMENTS

A. IDENTIFYING LEP PERSONS AND THEIR LANGUAGE

1. Initial assessment of communication needs will be made during the admission process, inpatient, outpatient, and emergency services.
2. Staff will identify the language and communication needs of the LEP person by using a language identification card (or I speak cards, available online at www.lep.gov) or posters to determine the language. [Cyracom "Language Identification Chart"]
3. In addition, when records are kept of past interactions with patients (clients/residents) or family members, the language used to communicate with the LEP person will be included as part of the record and reassessed as needed.

B. OBTAINING A QUALIFIED INTERPRETER

1. [Larry Jones, Administrative Director of Support Services]
["https://adventisthealthwest.sharepoint.com/sites/CVN-Interpreter-Services/Shared%20Documents/Interpreter%20Services_Policy%202017.pdf?web=1"](https://adventisthealthwest.sharepoint.com/sites/CVN-Interpreter-Services/Shared%20Documents/Interpreter%20Services_Policy%202017.pdf?web=1)

Note: Sites may choose not to use staff for translating or interpreting, unless during an emergency involving an imminent threat to the safety or welfare of an individual or the public (refer to #4 below).

- a. Maintaining an accurate and current list showing the name, language, phone number and hours of availability of competent bilingual staff - [[Located on the Adventist Health Central Valley Network Interpreter Services Department Connect Page.] "<https://adventisthealthwest.sharepoint.com/sites/CVN-Interpreter-Services>" :
 - b. Contacting the appropriate competent bilingual staff member to interpret, in the event that an interpreter is needed, if an employee who speaks the needed language is available and is qualified to interpret.
 - i. Site staff who have a limited familiarity (not deemed competent or qualified) with sign language or language/interpreter skills should interpret only in emergency situations for a brief time until a qualified interpreter can be present.
 - c. Obtaining an outside interpreter if a competent bilingual staff or qualified staff interpreter is not available or does not speak the needed language.
 - d. [Cyracom Language Solutions, (866) 745 - 5010, is available 24 hours per day, 7 days per week. Fox Interpreting (559) 636 - 3294, is available for live ASL interpreting between the hours of 8am to 5pm Monday - Friday.]
2. Some LEP persons may prefer or request to use a family member or friend as an interpreter. However, family members or friends of the LEP person will not be used as interpreters unless specifically requested by that individual and **after** the LEP person has understood that an offer of an interpreter at no charge to the person has been made by the facility. Such an offer and the response will be documented with the waiver of rights form, in the patient's medical/health record. The waiver of rights must include a statement giving the LEP person the right to request an interpreter at any time. If the LEP person chooses to use a family member or friend as an interpreter and they agree to be an interpreter, issues of competency of interpretation, confidentiality, privacy, and conflict of interest will be considered. If the family member or friend is not competent or appropriate for any of these reasons, competent interpreter services will be provided to the LEP person. - [See Attachment C: Waiver Request](#).

3. Children and other clients/patients/residents will **not** be used to interpret, in order to ensure confidentiality of information and accurate communication.
4. In an emergency involving an imminent threat to the safety or welfare of an individual or the public, where there is no qualified interpreter for the LEP individual immediately available:
 - a. Use staff other than qualified bilingual/multilingual staff to communicate directly with LEP individuals, or
 - b. Family member, legal representative, or friend may be used as an interpreter or facilitate communication, or
 - c. A minor may be used as an interpreter or facilitate communication

C. PROVIDING WRITTEN TRANSLATIONS

1. When translation of vital documents is needed, each unit - [Adventist Health Central Valley Network] will submit documents for translation into frequently-encountered languages [to Tammy Gonzales, Director of Materials Management] Original documents being submitted for translation will be in final, approved form with updated and accurate legal and medical information.
2. Sites will provide translation of other written materials, if needed, as well as written notice of the availability of translation, free of charge, for LEP individuals.
3. Sites will post notices advising patients of the procedure for obtaining an interpreter in the following areas: emergency room, the admitting area, the entrance, and in outpatient areas.
 - a. Per California Health & Safety Code Section 1259, a notice must be posted in the emergency room, the admitting area, the entrance, and in the outpatient areas.
4. A site's website will contain a notice that language assistance services are available; and the notice will be provided in any language that is the primary language of at least 5% of the population of the geographic area served by the hospital (but it is not required in more than five non-English languages).
5. [Adventist Health Central Valley Network] vital documents such as consent forms, conditions of registration may be translated into additional languages over time.

D. PROVIDING NOTICE TO LEP PERSONS

1. [Adventist Health Central Valley Network] will inform LEP persons of the availability of language assistance, free of charge, by providing written notice in languages LEP persons will understand.
2. Notices will instruct patients to direct complaints regarding interpreter services to [Candice Blevins, Director of Risk Management] the U.S. Department of Health and Human Services for Civil Rights and the state, and shall provide the local address and telephone number of the state department, including, but not limited to, a T.D.D. number for the hearing impaired. [Refer to Attachment B](#) and [include additional site specific information as needed].

4. Notification will also be provided through one or more of the following: outreach documents, telephone voice mail menus, local newspapers, radio and television stations, and/or community-based organizations - [include those areas applicable to your site].

E. MONITORING LANGUAGE NEEDS AND IMPLEMENTATION

1. On an ongoing basis, [Adventist Health Central Valley Network] will assess changes in demographics, types of services or other needs that may require reevaluation of this policy and its procedures.

2. In addition, [Adventist Health Central Valley Network] will regularly assess the efficacy of these procedures, including but not limited to mechanisms for securing interpreter services, reasonable response times for services, equipment used for the delivery of language assistance, complaints filed by LEP persons, feedback from patients and community organizations, etc. - [include those areas applicable to your facility]. ([See Attachment A](#) – for 2016 Top 15 Languages Spoken by Individuals with Limited English Proficiency for California, Oregon, Washington, and Hawaii).

F. ADDITIONAL STATE SPECIFIC REQUIREMENTS:

CALIFORNIA -

1. California Department of Public Health (CDPH) requires general acute care hospitals to send a copy of their updated policy with a description of the hospital's efforts to ensure adequate and speedy communication between patients with language or communication barriers and staff on January 1st of each year to the local District Office.(Refer to AFL 12-16)
2. Every January 1st general acute care hospitals in California must post their policy in English and in the other languages most commonly spoken in that hospital's service area and make it available on their website.
