

CONTINUING MEDICAL EDUCATION SCHEDULE

August 2019

Auditorium 12:30 pm - 1:30 pm

Due to advance scheduling of speakers, our programs are subject to change. Please check our website for possible program changes.

August 6th

Tumor Conference (No Grant)

Presenter: Jonathan Cho, MD and Alan Cheung, MD, MBA, VP-Medical Officer

At the end of this live program the participant will be able to:

1. Provide a multi-disciplinary approach to problem solving of cancer cases
2. Discuss pre-treatment evaluations, staging and treatment strategies
3. Identify treatment protocols
4. Summarize treatment recommendations

Dr. Cho, Dr. Cheung, Dr. Seguritan and Dr. Zagorski have no financial interest to disclose

August 13th

Shared Decision Making in Hematology: Enhancing HCP Knowledge and Application of Shared Decision Making (SDM) into Current Clinical Practice in the Emergency Room Setting

Presenter: Doris Quon, MD, PhD

At the end of this live program the participant will be able to:

1. Describe barriers to optimal care of patients with hemophilia A with inhibitors in the emergency department setting, as well as their consequences for patient outcomes
2. Review the clinical trial data on the safety and efficacy associated with newly approved and emerging treatments for patients with hemophilia A and inhibitors and their respective mechanisms of action
3. Introduce and/or enhance HCP understanding of the definitions and core values associated with SDM and their application to patients with hemophilia A with inhibitors in current healthcare setting
4. Discuss current data evaluating DAs and SDM, the roles of emergency room physicians and other HCPS in SDM and methods of evaluating SDM efficacy for patients with hemophilia A with inhibitors from a patient and provider viewpoint
5. Explore the possible and existing challenges of SDM, discuss relevant evidence exposing these barriers, and reveal potential solutions to overcome these challenges for patients with hemophilia A with inhibitors

This activity is provided by Med Learning Group. This activity is co-provided by Ultimate Medical Academy/CCM. This activity is supported by an educational grant from Genentech, Inc.

August 20th

Neuroscience Conference (No Grant)

Presenter: Jason Viereck, MD

At the end of this live program the participant will be able to:

1. Provide a multi-disciplinary approach to problem solving of neuroscience cases
2. Discuss clinical diagnosis, evaluation and treatment strategies
3. Summarize treatment recommendations

Dr. Viereck has no financial interest to disclose

August 27th

Plastic Surgery 2019 (No Grant)

Presenter: Tom Crabtree, MD

At the end of this live program the participant will be able to:

1. Review the popular cosmetic and reconstructive procedures in Hawai'i and across the US
2. Highlight what can help and what can hurt your patients
3. Discuss the current science and concerns behind Breast Implant Illness
4. Provide a forum for questions on how to refer, support and care for any of your patients who may benefit from plastic surgery

Dr. Crabtree has no financial interest to disclose

Parking: There is free parking in the lot fronting the hospital

ADA Disclosure: We are ADA compliant; if you require special assistance, please contact the CME Coordinator at (808) 263-5382 at least 7 days prior to the event.

Intended Audience: Our programs are clinical in nature with subject matters applicable to patient care. They are geared towards physicians and healthcare providers and not for the lay community.

Accreditation Statement: Adventist Health Castle is accredited by the Hawai'i Medical Association to provide continuing medical education for physicians. Adventist Health Castle designates this live educational activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AAFP CME Credit: This activity has been reviewed as acceptable for up to 1.0 Prescribed credit by the American Academy of Family Physicians.
