

Leaf your worries behind —
brighter days are coming!

**Hope your day is stuffed with
hope and peace.**

**May your day be wrapped in love
and sprinkled with joy.**

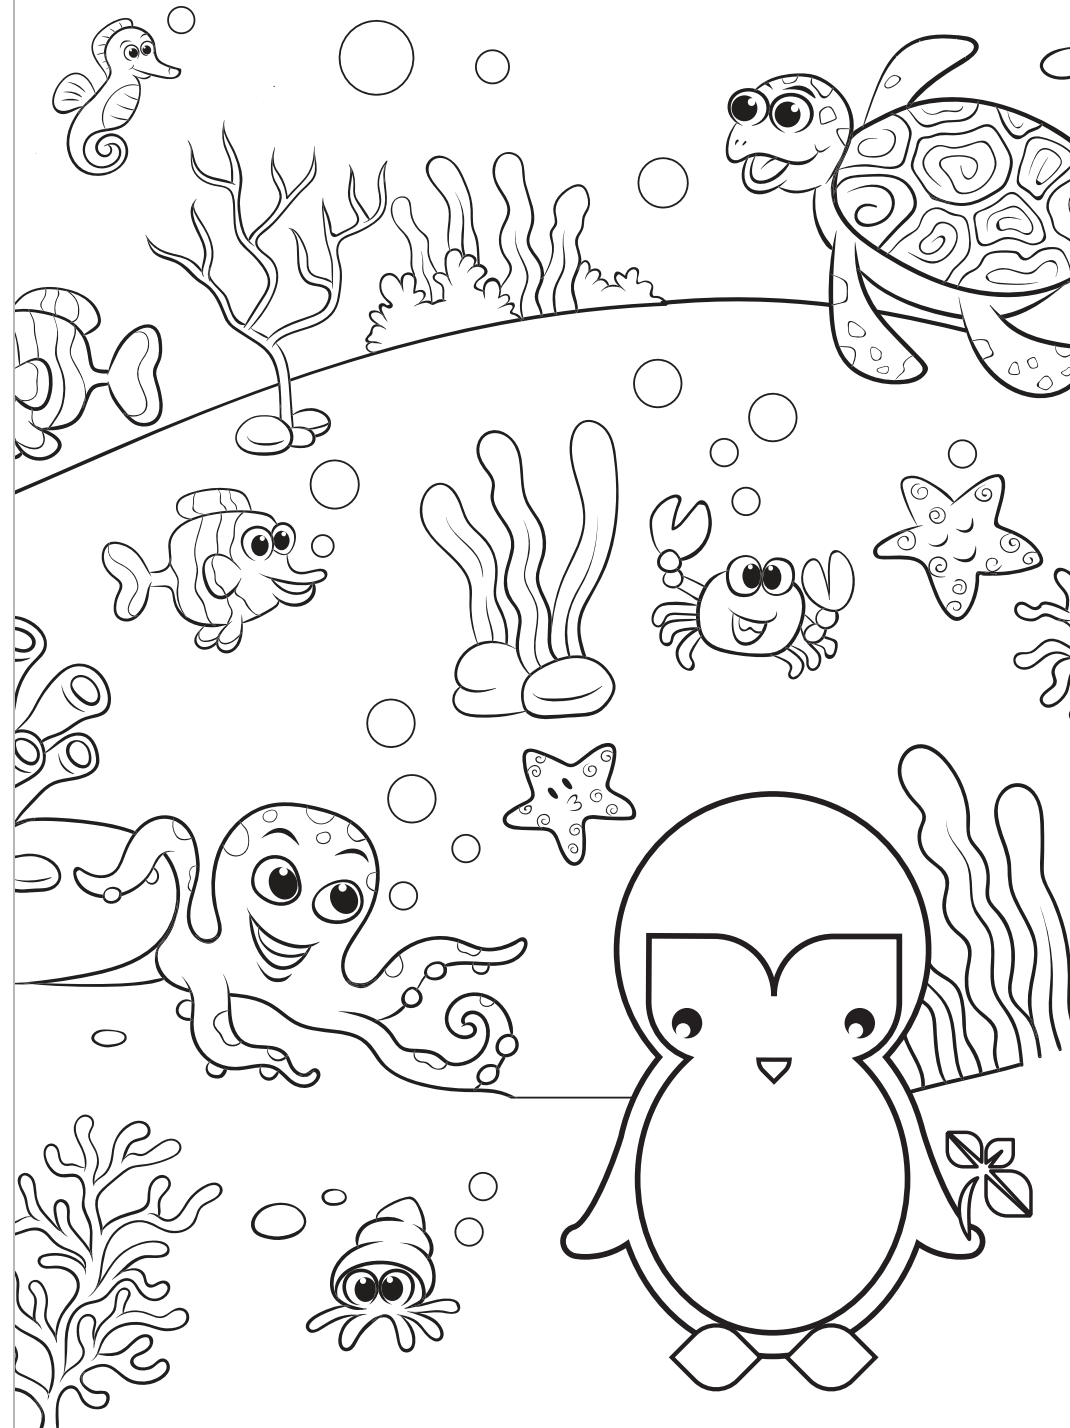

**Every adventure has bumpy roads — but
brighter days are up ahead. Get well soon!**

**Farm my heart to yours —
get well soon!**

Hope "sea-ing" this brings you joy today!

**Casting lots of love your way —
hope you feel better soon!**
